Business & Language Solutions

On-site and Simultaneous Interpreting

We support effective multilingual communication with your employees or clientele within seconds over the phone or video from our state-of-the-art contact centers or on-site in the world's 50 most important cities.

On-site Interpreting

On-site interpreting is used in fast paced scenarios and the physical presence of the interpreter is required whether it be in a business meeting, audit inspection or the hospital's ER.

- Acompañamiento
- Video conference
- Telephone

Simultaneous Interpreting

Simultaneous interpreting is used in low pace scenarios such as trainings, conferences and/or symposiums. It requires specialized equipment such as booths or portable equipment to make it happen.

- Booth
- Portable
